

AlphaShield

Premium Roof Underlayment

4 x 250 feet

1,000 Square Feet

36 Rolls Per Pallet

No Lead Time

Tougher, Lighter, Smarter.

Engineered for both commercial and residential use, this underlayment supports a wide range of roofing materials — from asphalt shingles to metal and more.

"Slip-resistant and weather-ready. This is an underlayment that works as hard as your shingles."
- Dave

AlphaShield brings a high standard in roof underlayment.

Ultra heavy-duty, lightweight installation.

Place the print side up and roll out parallel to the eave. Keep a six inch vertical overlap and then nail or staple down.

Lay it down in minutes, protect for the long haul.

Meets •AC188 •ASTM D4869/D226
•E108 GLASS A STANDARD
